Knight Group ROHS & REACH COMPLIANCE STATEMENT

FOR PRECISION STRIP & WIRE PRODUCTS

Registration, Evaluation, Authorisation & Restriction of Chemicals, or REACH, including UK REACH, consists of a legislative framework developed by the European Union to manage the risks that chemicals may pose to human health and the environment. This framework requires the industry to register chemicals used in their products with the European Chemicals Agency (ECHA) & UK REACH.

The Knight Group does not manufacture any of the products sold but rather distributes the products while providing value-added services such as slitting, shearing, cutting to length and edge conditioning. And in wire, Wire Drawing, stranding, bunching, cold rolling flat, cutting to length, over braiding and other assembly processes.

Our suppliers continue to assess and monitor the REACH/RoHs requirements as they pertain to the products we sell.

Therefore, these products are considered compliant with European Union & UK SVHC regulations.

We will continue to work with our suppliers to determine how the REACH/RoHS requirements will impact our business and will keep you informed if this situation changes.

REACH - The current list is at 250 substances, updated on 25th June 2025

Current list available at <https://echa.europa.eu/candidate-list-table>

RoHS Directive 2011/65/EU/ ROHS 3 (EU 2015/863)

The Knight Group hereby declares and certifies that no strip or wire products they supply are listed as EEE in accordance with the definitions and restrictions given by the Directive (EU) 2015/863 Articles 3 (1), (2), (5) and (6), and confirm that the following restricted substances referred to in Annex II from DIRECTIVE 2011/65/EU in Article 4(1) are within the maximum concentration values tolerated by weight in homogenous materials.

Lead (Pb)	0.1%
Mercury (Hg)	0.01%
Cadmium (Cd)	0.01%
Hexavalent Chromium (Cr6)	0.10%
Polybrominated biphenyls (PBB)	0.10%
Polybrominated diphenyl ethers (PBDE)	0.10%

Material supplied by the Knight Group falls outside of the scope detailed above, and the provisions of RoHS 3 do not apply, therefore we can confirm that the Knight Group are RoHS compliant.
